Greetings, and Welcome:

Thank you for inquiring about becoming debt free using **PSR** debt termination technology. We offer a proven debt relief program based on federal law and administrative procedures forcing the unsecured debt collectors to either comply with the law (by “*verifying*” your debt - which is impossible for the debt collectors to do) or discharge your debt burden. You will literally pay your debt under public policy as expressed in HJR 192, passed by Congress on 05 June 1933.

As you peruse our website and follow the various links by clicking on the titles of the documents we have prepared for your investigation you will find a Client Information Sheet, a few pages of **Frequently Asked Questions**, and a Payment Schedule, as well as a number of recorded calls explaining debt collection laws and how you can eliminate your debt burden, in addition to a statement regarding OUR POLICY. The OUR POLICY statement is **PSR**'s guarantee to you of our debt elimination program. OUR POLICY presupposes that you ALWAYS read all information thoroughly and follow the instructions given you.

In the event you seek further consumer credit counseling or instruction, feel free to call or email **PSR** (after conferring with your consultant) with any questions regarding the information you need.
